

To support our growth and strengthen our team of IAM experts, we are looking for an **IAM expert consultant (IAM, IGA, MFA, SSO)** to join our Paris team as soon as possible.

Your responsibilities

As a consultant, within the scope of your missions, your scope of intervention will be as follows:

- Implement and manage comprehensive identity and access management (IAM), identity and access governance (IGA), single sign-on (SSO), contextual and multi-factor authentication (MFA) solutions to meet our customers' security needs.
- Assess current customer authentication and authorization processes, identify gaps and risks, and recommend improvements based on best practices and the state of the art.
- Work closely with our customers' IT teams to integrate IAM solutions into their existing infrastructures while minimizing the impact on business activities.
- Supervise and participate in maintenance operations and updates to IAM/IGA/SSO systems to ensure their effectiveness and compliance with security standards.
- Keep abreast of the latest trends and innovations in safety, and take part in professional conferences and training courses.

Your profile

Graduate (Bac+5) from an engineering school or a M2 in IT and networks, with a specialization in information systems security. You have **at least 6 years' experience**. Proven certifications are expected.

Your qualities and skills :

- In-depth technical skills and professional certifications in IAM, IGA, MFA and SSO solutions from market leaders.
- Proven experience in analyzing security needs and implementing appropriate IAM solutions.
- Ability to communicate clearly and effectively with a diverse audience.
- Project management skills
- Ability to work effectively in multidisciplinary teams.
